Hi , i bought my house 6 months ago paying a premium price for the area as it was classed as west derby L12. My home is on the grange estate and is newbury way. This proposal of dovecot south will dramatically decrease the price of the houses in my area all over the grange estate and as its a 1 way in 1 way out estate situated on the border of the proposed boundary of west derby leyfield couldnt it be extended into the leyfield area (grange estate) please , alot of people who have paid premium prices will be effected and we would all feel detached from being a ward in wedt derby. Could you please consider this , thankyou fir taking the time to read this.
