I am commenting on the proposed Kemptown & Marina ward boundary. 1. I fully support the proposed east-west trending shape of the new ward, and its extent. 2. The name Kemptown & Marina is a good self-explanatory description of the area (given constraints on length of the name). 3. It seems anomalous that the main part of Brighton College has been excluded from the proposed ward. The Nursery and Pre-Prep of Brighton College is included, along with the other public buildings north of Eastern Road (Hospital and Old St Mary's Hall). Furthermore, the Brighton Warldorf School, opposite Boundary Road, has been included, even though it is north of Roedean Road (B2066).
