Comment text:

You have asked Hove Park residents via this consultation for their opinion as to whether Hove Park should remain a separate ward or join up with Westdene. I live in Bishops Road in Hove Park and will give you my perspective briefly. I think there are some true bonds between Hove Park and Westdene. We all use the same roads, buses and restaurants, parks. We gravitate to Tongdean Lane for what is available at the Withdean Complex, e.g. the Sportsman, athletics track, dog walking routes and people come to Hove Park and Hove Recreation Ground for all we have here. Three councillors is a good number for a ward I prefer this. I would support you proceeding with a joined up Hove Park and Westdene ward I think it would work well.
