Comment text:

We moved to Patcham 25 years ago and well settled here. Our church is Patcham Methodist church and we have been joining lots of community activities and are proud of being Patcham residents. It will be a shock to be called our area as Hollingbury and Carden - as we think it is other side of Carden Avenue and we don't like it. If you change the boundary of Patcham, we feel really cheated by the council. The reason to move to our present home was because it is Patcham and we have lots of friends in the same Patcham area. We don't want to change our address from 'Windmill View, Patcham, Brighton' to anything else. We strongly object your plan of changing Patcham boundary.
