There is absolutely no need to redraw the Patcham boundaries, what are you trying to achieve? Splitting this well established and historic village up and drawing an arbitrary new boundary through the middle of the village, and the fact that the high school goes from being in the centre of the Ward (and its catchment area) to being right on the boundary, is totally ridiculous. Patcham and Holingbury are ONE community and share the same services and resources such as schools, community group and library. Please leave our boundaries alone.
