I live in Mayfield Crescent [REDACTED] and object to the new proposal to split Patcham literally down the middle - ridiculous. You are dividing a community in half essentially and it doesn't make sense to my mind. NO info has been sent to residents via post to inform or explain or CONSULT on this. If boundaries are meant to take into account community links etc then this is not a well thought through proposal at all. Westdene would be part of Patcham ward but not us? Silly.
