Proposal: Move the southern boundary for Patcham Ward northwards to run along the boundary of the rear gardens to the houses on the north side of Surrenden Rd thus allowing these residents to be in Withdean Ward. At present the Ward boundary runs along the centre of Surrenden Rd.

Reason: 1) The houses in Surrenden Rd have no neighbourhood connection to Patcham but rather to Fiveways, Preston Park and Withdean all to the south; 2) Residents in Surrenden Rd are disenfranchised from having a say in the activity of their road as half their road is in a different Ward. This is particularly so with input into parking schemes, grass verges, the Surrenden strategic view, replanting trees etc This part of Surrenden Rd was moved into Patcham Ward some years ago, let's reverse this.
