### Comment text:

I am strongly against the proposed changes to Patcham in terms of splitting it into a combined Patcham & Westdene and Hollingbury & Carden area. I am concerned that we will not have sufficient council representation. Also Patcham as an area will be lost, and one of the reasons we moved to Patcham is because we liked the village feel of it. I really don't see the point in splitting it in half and would urge you to reconsider.
