### Comment text:

I am totally opposed to these proposals which would see half of Patcham in another ward with no real concept of what Patcham is about as a 'village' within the town. When I moved here 28 years ago we were in Stanmer ward Ladies Mile Road had a ward boundary running down the middle lets not go back to this. Leave Patcham ward as it is. Were these proposals drawn up with any real consideration or just someone in an office somewhere drawing lines on a map ! History is full of errors made in this way. Leave Patcham alone please.
