Obviously people who don't come from Patcham nor do they know the history of the area have planned this stupid scheme. Yet again incomers trying to earn their salaries push this plan through ignorance and indifference to us, the residents. The areas they are trying to obliterate as Patcham are mentioned as the area of Patcham in the Domesday Book. Learn your history and leave us alone!!!! In my opinion whoever thought of this ridiculous and ill advised scheme need to be re-educated by our residents. This whole thing is a farce....
