I cannot believe you are considering splitting Patcham in half. Patcham and Hollingbury are as one. The residents of Patcham use the Hollingbury facilities and vice versa. I run one of the community groups and, although based in Patcham, have members in both Patcham and Hollingbury. You would find that all community groups in the area have a similar mix. We are one community and to split us is unthinkable. I hope you will take this into consideration. Thank you
