### Comment text:

PATCHAM BOUNDRY CHANGE I totally disagree with the proposed ward changes for Patcham .....  
PATCHAM is a COMMUNITY, not some lines just drawn up by the local council ....I am a Brightonian  
through & through & chose to live in Patcham NOT Hollingbury. People living on Patcham go back  
over many generations, so why are you trying to change something that works well !! You need to  
spend money on things that need changing in Brighton , there are many that need it , Brighton has  
become filthy & neglected, spend your time , money & effort on that not changing Patcham  
boundaries!!! ... There is 2 hidden agendas here as far as I'm concerned, firstly to do with voting ,  
trying to keep the Greens & Labour in power , secondly school boundary catchment areas , the  
council must think people are stupid !!!! Also we only found out about this through our local  
councillor , so it seems to be a bit of a hush up !!!!! Regards [REDACTED]
