### Comment text:

To split Patcham into two seem unnecessary. Carden Avenue has always been considered the boundary between Patcham and Hollingbury so to put Mackie Avenue into the Hollingbury and Carden Ward is very odd. Mackie Rd is landlocked and residents have to pass through the Patcham Ward to get to your proposed ward change. Residents of the Mackie Estate consider themselves to be part of Patcham and will have very little interest in being involved in Hollingbury/Carden issues which are far away. Please do not divide our community in this way and equally councillors will be far more focused on issues affecting Hollingbury and Carden and Mackie will be left unrepresented. Please think this through and carry out a face to face consultation with Mackie residents.
