I do NOT agree to this boundary split. Patcham needs it's OWN representation it has totally seperate concerns and are is it's OWN identity. Splitting patcham into two seperate wards and it having no identity or representation of its own will affect so many aspects. Patcham is NOT. Part of hollingbury or westdene and I do not agree I have never been notified or asked for my consent and I do not consent to being moved into Holligbury ward !!!!
