Comment text:

As a resident of Lady Bay, I am vehemently opposed to the recommendation that Lady Bay Ward be merged with the existing Trent Bridge Ward. Lady Bay has a much more cohesive community identity compared to other wards, not least defined by the environmental credentials and tendencies of its inhabitants as well as its current political representatives (2 Green councillors). You do not need to be a member of the Green Party to recognise the value of such representation on Nottinghamshire County Council, especially when it is so few and far between. The suggestion that they subsequently be merged with the Trent Bridge electorate reduces their accountability to Lady Bay whilst simultaneously reducing their future electoral prospects and a diversity of representation should be cherished regardless of party affiliation.
