Comment text:

I write as a resident in the Lady Bay ward and am concerned that the Rushcliffe proposals suggests merging my ward with half of Trent Bridge ward and allocating a further councillor. I feel this will not serve either the residents in the TB ward or the LadyBay ward very well at all. LadyBay is a very distinct area within Rushcliffe; very different to Trent Bridge ward. The two areas will have very different issues and concerns for the residents there. I feel the two councillors currently serving LadyBay can do a better job for the ward than allocating a third councillor and extending the area considerably. Carving up the Trent Bridge ward like this seems like a method of trying to shoe horn residents into convenient 'chunks' rather than considering what would serve the population in both wards best.
