Comment text:

I agree with removing Fairham from the Gotham ward. However there are extremely close community ties between Barton, Thrumpton and Gotham. The schools and parish churches are linked for example. Organisations like the scouts are linked as are families. There is no such link with places like Stanford which are much more linked with East Leake. Gotham does not fit will with Sutton Bonington and Stanford. Barton does not fit will with Fairham. I note the point around the population in Fairham not being large enough for 2023 but this will rise between that election and 2027, so I'm not sure it's a valid argument to be making that it cannot be a stand alone constituency. It is very different in nature to Barton which risks being completely overlooked. As a resident I'm far more concerned about our community types and links than a % variance figure.
