### Comment text:

1. Saxondale Parish is currently in the West Bingham ward but does not feel it is represented by Rushcliffe Councillors for the West Bingham ward. Partly this may be due to Bingham West and East being more urban areas and are more densely populated than village areas like Saxondale. It would seem to me to make more sense to use the Old Fosse Road/A46 as the boundary of the West Bingham ward with Saxondale moving into one of Wiverton, Manvers or Trent wards. 2. There is also a disproportionate number residents in East Bingham compared to West Bingham, and this does not take account of with residential and business development in Bingham East rapidly expanding thus exacerbating this issue. Accordingly Bingham East and Bingham West need levelling up.
