

Stratford on Avon District Council

Personal Details:

Name: Karen Stevens
E-mail: clerk@bishopsitchington-pc.gov.uk
Postcode: [REDACTED]
Organisation Name: Bishop's Itchington Parish Council

Comment text:

The Bishop's Itchington, Fenny Compton & Napton proposed ward is extremely large and encompasses several incongruous settlements. At the last boundaries change, Stratford District Council moved away from twin councillor wards to reduce confusion over individual boundaries in both geography and responsibility - strange now to go back against that grain. If the ward is efficiently large to require two councillors, why is it not two wards. It will be impossible for ward members to get around the many villages in the time they have and still be effective councillors. Bishop's and Gaydon has similar problems associated with through traffic to junction 12 of M40 and Aston Martin/JLR whilst Farmborough, Shotteswell, Lower Shucksburgh and Napton have little in common with us. We would have supported the previous proposal of warding us with Burton Dassett but do not support this current proposal.
