Comment text:

i object to the proposed boundary changes for our village of Stockton, we are a small village and have very different needs to Southam, we need more facilities here after having around 80 new houses built, our small village school can only accommodate around 125 pupils and it is near to capacity, we are struggling to raise funds to make our playing field fit for purpose so the children can have somewhere to play, I feel we need to stay as we are with our boundaries so we can highlight exactly what we need.
