Comment text:

These proposals would split up the Bredon Hill villages of Great Comberton, Little Comberton and Elmley Castle across 3 different wards. This is unacceptable given the interlinked nature of said villages; we share a lot of common issues due to our location. If Great Comberton were to move to Eckington, I am very concerned that we will lose our voice and our identity as we have few common interests with such a large settlement as Eckington, which is well outside the AONB that GC is in. Please DO NOT implement these proposals as is, but later them to keep our Bredon Hill villages together.
