I [REDACTED] a resident of [REDACTED] is totally against the proposed ward boundary changes of Peopleton with Drakes Broughton. We are a small village with a fantastic community. We have popular community shop; a busy, well supported village hall; a great public house with excellent food; heart of the village is the church, which is attended by many parishioners. The parish councillors work tirelessly with village needs. The village cricket club is a pride of the village. We are HAPPY & CARING small village, that works. So why change? NO thank you.
