### Comment text:

I feel really concerned about this and cannot see the necessity to change the boundary to link Peopleton to Drakes Broughton when our link to Upton Snodsbury etc has worked perfectly well over many years. Drakes Broughton is a very much bigger village, separated from Peopleton by the A44 and closer to Pershore. It is in fact becoming more of a town with all the new building going on, with different needs to a small rural farming village. I sincerely hope this will be reconsidered.
