We were disappointed that our suggestion of changing the boundary for Bowers Hill from Badsey to Wickhamford has not been accepted by the Local Government Boundary commission on the draft proposal. Houses starting at the [REDACTED] postcode to the Glos boundary at Bowers Hill are in a 'No man's land' at present. This area is on the Wickhamford Postal round, the Wickhamford Dustbin round, over a mile up to 3 miles from Badsey, but yards from Wickhamford. It makes sense to change the local Government boundary so that this area is changed to Wickhamford rather than Badsey. Residents would very much appreciate if this suggestion, which we know has been requested by a number of residents, could be looked into so that this area can become an active part of the village of Wickhamford, instead of residents feeling that we live in the 'Land that time forgot' on the outskirts of Badsey.
