Comment text:

I think that Peopleton should remain in its present ward. Peopleton is a small rural village that has more in keeping with the current ward than that of the proposed ward. The new designation looks as if it is a "pimple" - strangely added on to "make up" the preferred numbers perhaps. Peopleton is "cut off" from Drakes Broughton by both the A44 and the railway line - the "neck" via Stonebow into Peopleton and the rest of the "pimple" sits geographically within the current ward. I see no advantage in changing this boundary.
