I don't like "The Hamptons". That name was given to the new estate and it shouldn't be confused with the whole of Hampton, nor parts of Fairfield. I don't understand why you would include part of Fairfield in Hampton - surely it should just end at Cheltenham Road and Fairfield should be included in Evesham South. I'm also concerned that it could be argued "the strategic gap" between Evesham town and Hampton would be lost, therefore allowing an extension of Eastwick Park estate.
