Subject:

Fulmer Boundary Changes

Date:

15 March 2023 14:13:31

Hello,

I have lived in Fulmer my entire life, and i have always thought of Fulmer and Gerrards cross as inextricably linked. I am proud to say Fulmer is part of Gerrards Cross, but I just don't have the same attachment to Farnham, Stoke Pages or Wexham. The fact that changes to Fulmer's boundary are even being considered deeply distresses me as I have no link with the newly intended boundary area.

As a member of Fulmer's teenage community I feel that my voice is very important when discussing the future of my village and I will go as far to say that I oppose the changes.

Here are a number of reasons why I feel Fulmer should be part of Gerrards Cross:

1. I have spent nearly my whole life in Gerrards Cross as I went to primary school there and so have formed a deep attachment to the area and the people
2. My close community and social interactions are all in Gerrards Cross
3. I get the bus to my secondary school in Gerrards Cross everyday
4. All my family's shopping, whether groceries, getting a haircut, purchasing hardware is in Gerrards Cross
5. I'm more closely aligned to the politics and issues of Gerrards Cross
6. I'm physically closer to Gerrards cross and I always walk to my friends houses or the Common regularly
7. Our Dentist, Optician, Pharmacist are all in Gerrards Cross
8. I'm constantly in Gerrards Cross wether its to see friends, walk to the bus top, go out to eat
9. My family use the Gerrards Cross Post Office weekly and for our banking purposes
10. We regularly use the Restaurants in Gerrards Cross- it was only last week that I was at pizza express with my friends

We are only a small village which I think makes it all the more important that the Commission hears us when the thoughtful, committed citizens of Fulmer say we oppose the changes to our boundary.

Therefore I implore the Commission to reconsider their proposed boundary changes and consider the wishes and concerns of myself and the Fulmer Community.

Kind Regards,
