## Comment text:

**Related subject:** Revised proposal by local government bou dary commission

I am writing to support the new revised proposal which will keep Gerrards Cross Town Centre within thr boundary and make the town feel united and not split down the middle. It will allow the Town council to make decisions that affect the whole town and also make it much clearer as to what is in GX and what is in Chalfont. Having lived in both places it is important to feel part of a town or village and not a bolt on to something else. Thank you for revisiting the initial proposal.
