Fulmer Boundary Changes

**Date:**

---

FAO: Boundary Commission

My family have been residents in Fulmer for over 16 years and have always considered Fulmer and Gerrards Cross as part of a wider single community.

The proposed boundary changes makes no sense to me and concerns me very much. I will go as far as say I oppose the changes. We have no connection with Farnham, Stoke Poges and Wexham.

Here are number of reasons why I feel Fulmer should be part of Gerrards Cross:

1. We have had strong school connections with Gerrards Cross
2. Our close community and social interactions are all in Gerrards Cross
3. All my work related travel is via Gerrards Cross Station
4. All our shopping, whether groceries, getting a haircut, purchasing hardware is in Gerrards Cross
5. We are more closely aligned to the politics and issues of Gerrards Cross
6. We are physically closer to Gerrards Cross and regularly walk in the Common
7. Our Dentist, Optician, Pharmacist are all in Gerrards Cross
8. We are in Gerrards Cross on a daily basis, whether visiting friends, dropping off or picking up our children
9. We use the Gerrards Cross Post Office weekly and for our banking purposes
10. We regularly use the Restaurants in Gerrards Cross

I would really like the Commission to reconsider their proposed boundary changes and consider the desires and concerns of the Fulmer Community.

Kind regards,
