Related subject: Boundary changes to Fulmer

As a resident for nearly 30 years in the heart of Fulmer village I strongly disagree with this proposal to merge Fulmer with Stoke Poges & Wexham. My household rarely goes to Stoke Poges or Wexham, we almost entirely do our shopping and socialising in GX. Our children both attended Gerrards Cross C of E school and then Chalfont Community College. Our doctors surgery and dentist is in Chalfont St Peter. Fulmer village has very strong links with Gerrards Cross which include the village church which is part of the Parish of Gerrards Cross & Fulmer. Our local recreation ground, King Georges Field also has strong connections with GX including St James Football Club & GX & Fulmer FC. I regularly play 5 a-side there and almost all the other players come from GX & Chalfont. I regard Gerrards Cross as our local town. Talking to our neighbours in Hay Lane I get the impression that the whole village would be appalled if this proposal was approved. I do not see any positive benefit in the proposal, only negatives.
