Comment text:

Sir

I am writing to stress the importance of Fulmer being joined with Gerrards Cross.

We have very close links with Gerrards Cross from our two Churches, shared rector and the Church clergy, the Scouts who come to Fulmer, the recreation ground which is the base for the GX and Fulmer Football Club, the schools in Gerrards Cross which are greatly supported by Fulmer residents along with all the shops the station and even The Black Horse which is heavily sponsored by residents of Gerrards Cross.

We have little or nothing in common with Stoke Poges, Farnham or even Hedgerley and Wexham so in the interests of “community cohesion” which is the dominant theme, it would seem pointless and against this principle to join Fulmer with any of them.

Please note these points seriously.

Kind regards
