Comment text:

It seems to me that Warndon ward should accurately reflect the area that local residents consider to be Warndon . There is no logical reason that explains why parts of Warndon are contained within 3 wards . It is to my mind self evident that The boundary to the south of the ward should be Ambleside Drive though incorporating Troutbeck Drive, Rydal Close and Furness Close . Following from there Gorse Hill ward should be enlarged with parts of what is currently Rainbow Hill ward . Specifically the area around Rose Ave logically sits within Gorse Hill and local residents would identify with these changes .
