Comment text:

With regard to the Higham Ferrers NNC ward, currently three NNC Cllrs, this Council has concerns that if the number of ward Cllrs were to be reduced to two, as less than 12,000 electors in 2025, the rural nature of the ward (esp. if Newton Bromswold parish were to be added to the NNC ward in anticipation of any future joining of the Chelveston-cum-Caldecott and Newton Bromswold parishes) would mean there would insufficient time for two ward Cllrs to attend the various meetings and events occurring in the various settlements in the NNC ward, as well as attend their NNC meetings. Accordingly, this Council prefers that the Higham Ferrers NNC ward remains at its present three NNC Cllrs and, if necessary, electors should be added from adjacent parishes (including Newton Bromswold parish) to reach the desired 12,000 representation.
