1. I welcome the proposed reduction in NCC Cllrs from 78 to 70, rather than the publicised suggested increase to 99 Cllr, as voted by NNC and contrary to the Max Caller report. 2. I suggest moving the Rushden (Parish) Spencer (Parish ward) from Higham Ferrers to Rushden Pemberton West. This will allow Higham Ferrers NNC ward Cllrs to concentrate on Higham Ferrers and Chelveston-cum-Caldecott parishes, without crossing into the separate town of Rushden as it does now. The number of Cllrs can then be reduced to two NNC ward Cllrs with 7,719 (2027) electors, which is within 4% of the desired numbers. It also makes the number of electors for Rushden Pemberton West closer to desired.
