Comment text:

I am against this proposal as Woldingham would lose direct representation, a result our interests and needs as a community may never be as well understood or served as they are at the present time. Due to our unique location Woldingham has more unique rural concerns, on matters like licensing, planning and enforcement, especially being greenbelt (unlike urban areas). It is also likely that is we meat fed with another ward/s due to our size we would not have equal representation and due to this we would suffer a lack of effective democratic representation which would likely severely negatively impact on our community and environment.
