### Comment text:

Hawkhurst Benenden and South Goudhurst 1 why? Is it to make for less wards? Or to make unwanted planning proposals easier based on the current areas 2 What happened to Sandhurst? does this mean that effectively with a much larger area and only 3 representatives that Sandhurst will lose any say on what happens here 3 Better option would be to have Hawkhurst, Sandhurst and Benenden and put all of Goudhurst with Cranbrook and bring in Gills Green to the ward 4 The proposals do not reflect local communities as proposed. No part of Goudhurst is in any way connected with the existing ward
