Organisation Name:

### Comment text:

I am writing to express my disappointment that the proposed boundary changes will result in splitting our parish of Goudhurst and Kilndown into two separate wards. This would appear to create a huge number of additional complications with Borough Councillors having to liaise with so many different Parish Councillors. In addition, it will potentially result in members of the public having very little contact with their Borough Councillor, who may no longer be part of the same rural community. They may not have the same understanding of the matters of the community, and indeed will have to spread themselves thinly across multiple villages. Please reconsider these changes, putting the needs of the community ahead of a streamlining agenda.
