Comment text:

I live at Bedgebury Cross, close to Kilndown. I go to Goudhurst for pubs, shops, papers, church and to see friends. There is no shared experience with Sandhurst at all. I only pass through that area. There is zero common sense reason to break is up and associate us with villages with whom we share very little. Either geographically, or emotionally. This is the most daft idea since Kwazi Kwartang's mini budget.
