### Comment text:

Nene Valley - The proposed boundary has included some properties that are part of Hackleton. Any properties accessed from Poppyfield Road off the Newport Pagnell Road are not within Wootton Parish Council - they are part of Hackleton. The proposed change would alter the current Wootton Parish Council boundary and increase the already large number of residents to Cllrs within the proposed Nene Valley Ward - It makes sense to keep Hackleton properties within the Hackleton Ward. A boundary line running along The Green, across the Newport Pagnell Road towards Wootton to include Wootton properties accessed from Wooldale Road would be more in-line with the current Wootton Parish boundary reducing unnecessary change. The Nene Valley boundary includes 2 problematic industrial estates which do not form part of the calculations for determining the number of councillors per ward but do create issues for the residents/councillors. This should be factored in.
