Related subject: Silverstone & Rural South

As a resident of Preston Capes parish, I strongly object to the parish being merged with Silverstone & Rural South, and demerge the parish away from Woodford Halse & Weedon area. The parish naturally, socially and geographically gravitates to Woodford Halse and Byfield villages for local shopping, schools, medical surgeries and GPs, local clubs and sporting facilities. Our parish has much in common with Woodford area and very little in common with Silverstone.

As a small parish I think if we are lumped within the proposed Silverstone ward on the edge of its northern boundary, we shall not get properly represented over local issues that are only important to us.
