Burton Tower Polling districts: CF, CH, CG, CI, AP, BQ (part of) Slight change to current division, altering the boundary to mirror the combined borough ward boundaries of Winshill and Brizlincote. Burton Trent Polling districts: BQ (part of), BR, AH, AS, AQ, AI, BP (part of) As above, slight change to current division, altering the boundary to mirror the combined borough ward boundaries of Anglesey and Stapenhill with the slight addition of part of BP polling district of Shobnall using the A38 as a boundary. This also reflects the recent review changes to Dove and Shobnall. ie the A38 is the ward boundary. Burton Town Polling districts: AQ, AR, AZ, BO, BN This division would essentially reflect the current boundaries with the exception of BP polling district which would move to Burton Trent. Stretton Polling districts: BS, BA, BD, BDD This division loses large parts of Outwoods but otherwise is similar to the current boundaries. Dove & Horninglow Polling districts: BM, BX, BE, BW, BF, AO, BP (part of), AN This largely new division consists of the parishes of Rolleston and Outwoods, parts of Horninglow and the growing area known as Henhurst Hill; part of Branston parish. Henhurst Hill already shares a division with Rolleston. Needwood Forest Polling districts: AM, BH, BI, BG, BL This smaller division groups the remaining Branston parish together with Dunstall, Barton under Needwood and Whychnor. Bagots & Tutbury Polling districts: BY, BV, AW, BK, BJ, CK, CJ, CL, AV, AX, AJ, AK As with many rural divisions, this large boundary groups parishes together many of whom already share a division. Tutbury, Anslow and Hanbury are currently part of Dove whilst Newborough, Hoar Cross, Yoxall and Tatenhill & Rangmore share a division in the current Needwood Forest. Marchington, Draycott, Abbots Bromley and Blithfield share a division currently too so grouping all of these parishes together with the aforementioned would create a more compact division to manage given the size of area covered, quite different from the current Uttoxeter Rural division. Uttoxeter Town Polling districts: AL, AE, AY, BB, BT, BU The remaining two divisions inevitably have to split Uttoxeter somehow. The current division variance is too large and the town needs to be shared in some way. I have used the existing polling districts to build new divisions but this will require finding an entirely new boundary through Uttoxeter; perhaps the outer areas which are physically closer to rural communities. Uttoxeter Weaver Polling districts: BC, AD, AG, AF, AC, AB, AA, AT, AU, BZ, CA, CB, CC, CD, CE By default, the remaining parts of Uttoxeter would join the remaining parishes to create the final division accept this division would be far more manageable than the current Uttoxeter rural division.
