Personal Details:

Name: [REDACTED]

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Cobham and Downside Residents' Association (Representative of a local organisation)

Comment text:

Related subject: Cobham and Downside

1 The status quo should be preserved as regards the area covered by the present Cobham electoral division, i.e. electoral wards HA, HB, IB and IC. The outer boundaries of these wards represent reasonably well our local community interest. The population change forecasts would need to be very substantially wrong to change this view.

2 Dividing up the community of Cobham into separate areas for polling (Cobham and Downside/Oxshott and Stoke D'Abernon), as the current system does, appears arbitrary and causes significant access difficulties to the polling stations for some of our residents. It is vital, therefore, that there remain a simple and efficient process for postal voting.
