**Related subject:** New Hartley /Blyth Newsham

I would like to protest against the proposed boundary change which would put the north section of New Hartley in with Blyth Newsham.

1. There are no direct transport links between the 2
2. There are no historical links
3. There are no community links or interests.

The current arrangement has been in place for over 15 years, linking Seaton Sluice, Holywell, Seaton Delaval, Seghill and New Hartley as a cohesive community. All 5 villages contain the 3 above.
