Related subject: Seaton Valley

I would like to place an objection to the splitting of Seaton Delaval between two seats. This is a ridiculous proposal to sever a village down the main road and give each part to different seats, how can this possibly be in the best interest of the village? Surely Seaton Delaval and Holywell should be merged as the villages and facilities, doctors surgeries, schools already are? This would allow one representative to listen and act for one group, rather than the northern section of Seaton Delaval Delaval being dumped in with another village and their needs neglected as Seghill's needs are dealt with, and those Delaval residents have no real say or representative for their own facilities, parks, etc. This proposal has just looked at population numbers and has absolutely no regard for lives and functions within in each village.
