**Related subject:** South Tyneside

I have read your initial report into the need for a review of the ward boundaries for South Tyneside.

I am supportive go the 18 wards decision for South Tyneside and recognise that you will now need to make some minor adjustments to boundaries to ensure all 18 wards have a similar number of electors.

I do not wish to suggest major proposals given that in the main you will only need minor adjustments however I would ask that examine the Whitburn and Marsden, Cleadon and East Boldon, Boldon Colliery and Cleadon park wards.

I would ask you to examine:

- removing Harton Moor from Cleadon Park and transfer this area back to the West Part ward;
- transfer the entire Marsden area of the Whitburn and Marsden ward into Cleadon Park, and rename the ward Cleadon Park and Marsden;
- Whitburn and Cleadon to be joined together covering this part of the urban boundary with Sunderland and rename the ward Cleadon and Whitburn ward;

- East Boldon and West Boldon to be joined together into a new Boldon Ward;
- Boldon Colliery to lose West Boldon and if numbers required, they should part of the Fellgate ward.

The above reconfiguration would still retain 18 wards on South Tyneside and would make more logical sense.

I trust you will give my proposal some thought.

Thank you
