## Comment text:

The proposal to place Stafford Road and Milner Road into the Caterhill Ward is non sensical. At no time have these roads been considered to be 'on the hill'. To gat anywhere from these locations you travel along 'the valley' to get to the shops etc. At no point do you go up the hill. There is a natural barrier between the hill and the valley, namely the Green Belt Ridge. The interactions between people in the valley and the hill with respect to local concerns is completely separate, I.e. the concerns of the valley to the hill can be similar but differ in many respects. Having a local representative on the hill would be inconvenient for many. The idea I'm afraid is unsound and has not been thought through correctly, take ULEZ as an example.
