We live in Blandford Avenue, very close to Brambleside, North end of Kettering. I strongly object to the proposed councillor/voting boundary change to move us into the ward with the town centre. We are over 1.25 miles from the town centre. The issues in our ward are very different to those properties in & near the town. Not a true representative of our area & the issues residents in North Kettering would vote on, & likewise not fair for homes near the town that would want a say regarding different problems.
