Comment text:

Related subject: Bingley

I believe that Bingley should have the right of independence from the Bradford Authority as it is proven that we are used as the cash cow for the other parts of the Bradford Metro Area who have a lower return to the funds.

It would allow us freedom to have a far better control on local issues, in policing, highways, street cleansing and social services, I am sure that many of my fellow citizens of Bingley would be in agreement.
