Comment text:

Related subject: Keighley constituency

Living in Riddlesden, in Keighley East, i don't feel any connection to other areas of the Ward on the other side of the valley such as Long lee, Hainworth, Woodhouse because it is not connected by road or community - just if you were looking at a flat map and drew a circle. Also, if you consider data for the whole ward, it wouldn't reflect some of the need in the areas listed above and other areas in the Ward, like East Morton, Riddlesden, would skew the figures and those areas would miss out.
