Comment text:

Related subject: windhill and wrose

Windhill really has nothing amenities wise, whereas worse has lots.

Windhill has no decent grocery shops, pubs, eateries etc whereas wrose does. This affects the sense of community in windhill as it kind of feels like a nowhere place in-between Shipley and Wrose.

Windhill should be it's own area and have more funding to make it a better community space with amenities where people can access and socialise.
